LAFD Reports on Progress of FIRESTAT-LA in Public Safety Committee...

As Chair of the Public Safety Committee, I had the Fire Department present a report on the progress of my FIRESTAT-LA plan in the Committee today. FIRESTAT-LA is my proposal for a comprehensive new system for the Fire Department modeled after the LAPD's highly successful COMPSTAT. FIRESTAT-LA will employ leading-edge technology and innovative management techniques to make the best Fire Department in the country even better.

The LAFD reported back on the technology platforms currently being used by the LAFD, solutions that would be necessary to meet the FIRESTAT-LA objectives, and progress on their operational plan to implement FIRESTAT-LA.

ABOUT FIRESTAT-LA: Since 2002, LAPD's COMPSTAT has applied technology and management accountability techniques to dramatically reduce crime. Like COMPSTAT, FIRESTAT-LA will use near-real-time data collection and mapping of incidents, to deploy concentrated resources. There will be a cycle of constant assessment and communication of results, with frequent meetings and open dialogues among all levels of management. Results will be immediately analyzed and the data will be used to continuously seek management efficiencies and make improvements.

Under LAFD Chief Brian Cummings' outstanding leadership the Fire

Council Approves Interim Traffic Measures for Porter Ranch School...

On Friday, Oct. 12, the City Council approved the interim traffic measures that we proposed to address the parking and traffic concerns at the new Porter Ranch Community School.

Councilmember Englander with students, staff and the principal of Porter Ranch School Mary Melvin, and Mel Mitchell and Becky Leveque of Porter Ranch Neighborhood Council at the recent ribbon cutting on the new school.

This will include temporary installation of street parking and new signage. It will also provide some immediate relief, especially for the parents of kindergartners who are bringing their children to school, and the parent volunteers at the school. Meanwhile, we continue to lead the effort to get better road striping, and the school is working on improvements of their internal traffic and parking plans.

The signs will be installed as fast as possible. Please watch for the new signs to avoid parking citations!

Supporting Economic Development and Job Creation With New Village at USC...

A rendering of the proposed Village at USC.

As a member of the City Council's Planning, Land Use & Management Committee, I voted this week to approve a development agreement with USC on their new Village at USC.

USC's \$1-billion project would build thousands of new student beds, a multi-use retail complex and needed academic facilities. The Village at USC would be built on 200 acres just north of the main campus, replacing the aging

Village shopping center. The plan includes \$20 million worth of community improvements, including affordable housing, and is expected to create 12,000 new jobs, which will benefit L.A.'s economy. The proposal will now go before the full City Council. To see the article about the development agreement, [click](#)

COMMUNITY NEWS & UPCOMING EVENTS

Honoring Valley Public Safety Heroes at 33rd Annual Police & Fire Appreciation Luncheon...

As Chair of the Public Safety Committee, and an LAPD Reserve Officer, it was my honor to host the 33rd Annual Police Officers, Firefighters and Paramedics Recognition Luncheon on Thursday, Oct. 11. This great event celebrates the outstanding public service that Northwest Valley public safety officers provide our community.

I was joined by LAPD Chief Charlie Beck, LAFD Fire Chief Brian Cummings, Congressmembers, Assemblymembers, Councilmembers, and hundreds of Police Officers, Firefighters and Paramedics and their families, as well as community leaders.

Councilmember Englander and LAPD Chief Charlie Beck presenting the 2012 Dan Danko Lifetime Award for Excellence to the members of the LAPD's Knock Knock Burglary Task Force.

Business and community leader and philanthropist Rickey Gelb awarded his annual Gelb Family of Scholarships this year to LAPD Cadets Rebecca Wagner and Jesse Cruz. Every year, the Gelb Scholarships go to promising young Cadets who plan to pursue a career in law enforcement.

For all of these skilled and courageous public safety professionals, a normal day on the job could mean saving a life, stopping a crime, or risking their own life to protect our families and our homes. But they also volunteer, teach, mentor, and are deeply involved at all levels in making our community a better place to live.

5th Annual Valley Disaster Preparedness Fair...

We were proud to co-sponsor the 5th Annual Valley Disaster Preparedness Fair on Saturday, Oct. 6 at Fire Station 87 in Granada Hills together with Northridge South, Northridge East, Northridge West, Granada Hills North, Granada Hills South, North Hills West, Porter Ranch, Chatsworth and Lake Balboa Neighborhood Councils.

Nearly 1,000 community members attended to learn about the best ways to get prepared to survive and recover from earthquakes, wildfires, floods and other disasters.

The Neighborhood Councils gave away over 400 Emergency Preparedness Kits to participants. Families enjoyed free hot dogs and hamburgers cooked up by Firefighters. The Yogi Bear Shakey-Quakey School House and Free Child IDs were provided by Granada Hills Masons. There were demonstrations and booths from HAM Radio Operators, LAFD's Jaws-of-Life, DWP Safety Demonstration, the Red Cross, LAPD Mobile Command Post, CERT (Community Emergency Response Team), Northridge Hospital Trauma Department and more.

Our sincere thanks go out to the Neighborhood Councils and Fire Station 87 for hosting this wonderful community event!

Bringing Valuable Resources to Businesses in Our Community...

I was proud to welcome the Port of Los Angeles' Trade Connect event as part of my Business

Councilmember Englander joined the Firefighters in grilling burgers and hot dogs on the LAFD's amazing BBQ. They served up lunch for the hundreds of families attending the Disaster Preparedness Fair.

Free Mulch for Your Garden

You can get free mulch for your garden from the City's Mulch Giveaway Program! The free mulch is made from recycled yard trimmings and other "green waste" from the green bins.

Recycling green waste is an important way to reduce the amount of organic material that goes into landfills. When plant materials go into landfills, they emit large amounts of the greenhouse gas methane, which contributes to climate change. The City turns that green waste into mulch which is available to L.A. residents for free.

Neighborhood Public Safety, Crime, and Emergency Information Updates from LAPD on NIXLE

The LAPD offers a free service that allows L.A. residents to sign up to receive messages directly from the LA Police Department. The LAPD uses NIXLE to send updates on crime trends, public safety and crime prevention tips. It also uses NIXLE to provide crucial information to the public in case of emergencies or disasters.

Residents can sign up to receive updates directed toward one or more specific neighborhoods, and can receive it by text message on their phone, or by email. To sign up or learn more, visit www.NIXLE.com.

Last year more than 12.5 million people registered as participants in ShakeOut drills worldwide.

At the ShakeOut website, www.shakeout.org, you can register as a participant, and it is one of the best resources in the world to find information on how to get prepared to survive, and quickly recover from a major earthquake. It also has huge amounts of information on earthquake preparedness equipment, training, planning, earthquake science, special educational sections for kids, and much more.

To learn how to register, and to learn how to get prepared, visit <http://www.shakeout.org/california>.

Open House on Chatsworth Park South Clean-Up...

We are hosting an informational open house with the State Department of Toxic Substance Control (DTSC) and the City Department of Recreation and Parks to update the community and answer questions on the progress of the clean-up at Chatsworth Park South, as well as future activity at the park, and the next steps toward re-opening it to the public.

Our office has been in constant contact and cooperation with DTSC and Recreation and Parks on the clean-up and ultimate re-opening of Chatsworth Park South.

Open House on Chatsworth Park South

Thursday, Oct. 18
6:00 pm - 7:30 pm
Mason Park
Chatsworth

The park was closed in February 2008 for safety reasons after lead and other contaminants were discovered at the park. The contamination resulted from clay pigeons used for skeet shooting on the land, which was a shooting range more than 50 years ago before it became a City park.

We are committed to ensuring that the park is safe for use by the community and getting it open so that families can once again enjoy it. We continue to work closely with DTSC and Recreation and Parks on the contaminant Removal Action Plan, which is necessary to get the park cleaned up and safe for use once again. We are closely monitoring the situation and will announce any progress.

A Year of Emergency Preparedness...

On January 17, the 18th anniversary of the 1994 Northridge Earthquake, we kicked off our Year of Emergency Preparedness in Los Angeles.

Throughout 2012, we will be working on legislation, programs and public awareness efforts to help the residents of Los Angeles and the San Fernando Valley be prepared for natural or man-made disasters.

Every week, our newsletter will feature a new item in an **Emergency Preparedness Checklist**. These are simple steps that everyone in Los Angeles should take in order to be prepared for any disaster. If you follow each item on this checklist, you will be highly prepared at the end of the year.

Week 38: Disaster Preparedness for Your Pets...

Our pets are members of our families and we must include them in our family disaster preparedness plans.

Whether it is a wildfire, earthquake or flood, you could be forced to evacuated your home with almost no time to prepared. During Hurricane Katrina in 2005, lives were lost when people were unwilling to evacuate without their pets. Shelters set up by the American Red Cross are prohibited by law from allowing any animals other than service animals. Evacuation shelters that are pet friendly and other locations to care for family pets are now part of California's Emergency Planning. To learn how to plan for this in advance, [click here](#).
