STATEMENT: COUNCILMEMBER ENGLANDER ON THIS MORNING'S RAID AGAINST MS-13

"I want to thank the federal and local law enforcement officials for their successful arrest of dozens of members of MS-13, one of the most dangerous gangs operating in our city. As Chair of the Public Safety Committee, ensuring the pursuit and apprehension of those who prey on the public is my priority. Make no mistake, Los Angeles will not allow criminal organizations to terrorize our communities with violence and fear.
