ENGLANDER TESTIFIES BEFORE UTILITIES AND COMMERCE COMMITTEE ON FUTURE OF SOCAL GAS ALISO CANYON FACILITY

LOS ANGELES— Today Councilmember Mitchell Englander will testify before the California State Utilities and Commerce Committee in favor of Senate Bill 380 authored by Senator Fran Pavely. This testimony follows the unanimous approval of Englander’s resolution supporting the bill by the Los Angeles City Council last week. [Click here](#) to view resolution.

“The Aliso Canyon natural gas leak was the largest in US history,” said Councilmember Mitchell Englander. “Thousands of people have been displaced causing physical, emotional, psychological and environmental damage. Nothing less than the knowledge that every well on that property has been inspected and deemed safe is acceptable to the communities this has affected.”
