**COUNCILMEMBER ENGLANDER TO ATTEND
STREET BOND PROPOSAL COMMUNITY MEETING**

LOS ANGELES—Councilmember Mitchell Englander will attend a special community meeting at Van Nuys City Hall to welcome the Public Works Committee to the San Fernando Valley and encourage residents and stakeholders to share their ideas and suggestions on the proposed bond measure to fund the repair of 8,700 miles of failed streets in the City of Los Angeles.

“It is vital that we take action to update our City’s infrastructure and actively seek funding options to improve our streets,” said Councilmember Englander. “I am excited to hear the input of the community residents and stakeholders on solving this problem and moving toward a better transportation future.”

In January, Councilmembers Mitchell Englander and Joe Buscaino proposed a bond measure but asked the City Council to delay acting on the measure in order to allow for further study, debate, and input from residents and neighborhood councils.

The meeting is open to the public. Residents are encouraged to attend, and share their questions and comments with the Committee. This is an informational meeting only; no action will be taken.
